

Program teaches teens to help each other

VISTA — Vista Community Clinic proudly presents the newest group of Cyber Teen Educators. Eighteen students recently graduated from the Cyber Teen Educators training program designed by Vista Community Clinic and funded through Alliance Healthcare. Over the course of the next year, these teens will teach how to stay safe on the Internet. Trainings will include how to safeguard your online identity, how to avoid gang affiliation and what steps you can take to ensure your privacy is protected.

Vista Community Clinic is currently scheduling training seminars for schools and youth groups. If you would like more information, contact Jon Moffat at (760) 631-5000, ext. 144.

TEEN TO TEEN Several area teens were recently certified as Cyber Teen Educators as part of a program sponsored by Vista Community Clinic. Pictured, the teens display their Cyber Teen Educators certificates.

In front, from left to right, Joshua Wilson (Vista High School), Saul Marquez (Oceanside High School), Yvonne Holguin (Rancho Buena Vista), and Nashieli Martinez (Rancho Buena Vista). In back, from left to right, Jon Moffat (Vista Community Clinic), Nestor Venegas Z. (Vista Community Clinic), Yesenia Luis (Oceanside High School), Rose Davina Montes (Oceanside High School), Shaniece Gooden (Oceanside High School), Charity Golden (Oceanside High School), and Angelica Curiel (Oceanside High School). *Courtesy photo*
