**JEFF FRANK**

**Leaving a legacy:** For more than 10 years before her death in 2005, Karen A. Black was a dedicated nurse and nurse practitioner at the Vista Community Clinic.

And she's still helping even today, through a scholarship fund set up by friends and family in her name.

The first recipients of the Karen A. Black Memorial Nursing Scholarships are Sonia Gonzalez and Maria Orozco.

Gonzalez has worked for three-plus years as a case manager and asthma care coordinator at the clinic.

She is scheduled to graduate from the Cal State San Marcos nursing program in 2010.

Orozco is a medical assistant and clinic manager in the clinic's pediatric department.

She is applying to nursing schools.

Each will receive up to \$10,000 for tuition and books at an accredited nursing program.
