VCC has New and Exciting Services for Senior Patients

VCC and San Diego Pace partner to expand senior healthcare services in the local Vista community.

May is recognized as “Older Americans Month” and this year’s theme is older adults aging in their community, living independently, and choosing how they age. Vista Community Clinic (VCC) recognizes the vital and positive roles older adults have in our community. This is why VCC is excited to have new services for our senior patients. With our recent partnership with San Diego PACE (Program of All-inclusive Care for the Elderly), we have expanded our patient’s access to comprehensive care from their doctor’s office to their home. This program will keep participants in touch with on-site specialists to help seniors stay in their community as they age.

The PACE program includes bilingual services and access to a complete list of amenities: a brand-new Adult Day Center facility recently opened in Vista, Homecare, Transportation, Medical Supplies, Nutritional Counseling and Meals, Physical Therapy, Speech Therapy, Behavioral Health, Nursing Care, Rehabilitation Therapy and more. The PACE health care team is uniquely built for seniors with disabilities or health concerns, who want to remain in the home while still receiving personalized healthcare services.

VCC is pleased to be able to offer this opportunity to our patients, who may qualify. To learn more about this program, please call/text us at 844-308-5003. We are here to help
answer any questions or concerns and discuss the program in conjunction with the care offered at VCC. You can also visit PACE online at: https://sdpace.org/.

About Vista Community Clinic

With nine state-of-the-art locations in North San Diego, Orange, and Riverside Counties, VCC provides affordable, high-quality health care to more than 70,000 community residents. Services offered by VCC include primary care, pediatrics, prenatal and women’s health, optometry, chiropractic care, dental health, podiatry, acupuncture, and behavioral health services. VCC also offers a wide array of community health education programs, which are free and open to all community residents. VCC is recognized by the National Committee for Quality Assurance (NCQA) as a Level 3 (highest) Patient-Centered Medical Home and is the recipient of the HRSA National Quality Leader Seal for exceeding national clinical quality benchmarks. For more information call 760.631.5000 or visit www.vcc.org.
